

## Canada (Stay) by Florian Tristan and the Garage Band

Tears fall down,  
Like yesterday.  
We were the chosen ones,  
But you went away.

Guess its my fault,  
Losing you.  
Now I just don't know,  
What to do.

### **Refrain:**

Oh now home,  
Seems so far away,  
If I had one single wish,  
I'd wish that you would stay.

I cannot forget,  
What we had,  
How I entered your room,  
Oh how we first met.

### **Refrain:**

Oh now home,  
Seems so far away,  
If I had one single wish,  
I'd wish that you would stay.  
I'd wish that you would stay.  
I'd wish that you would stay.
