

Who Do You Trust by Florian Tristan and the Garage Band

The air is getting thinner and I can't breath,
Claustrophobic as hell,
Don't know what I seek.

Got so many chances but didn't take one,
Now your name's on my phone,
But I won't take the call.

So many wrongs dunno what is right,
But I know what you're doing,
In the middle of the night.

You go out fucking my friends I always trusted you,
But I learned something,
You can only trust a few.

Refrain:

Who will you take home tonight?
Who do you love even when out of sight?
Who do you trust?
Who is calling you at midnight?
Is there something I should I know is everything alright?
Who is that guy?

The air is getting thinner and I can't breath,
Claustrophobic as hell,
Dunno what I seek.

Got so many chances but I didn't take one,
Now your name's on my phone,
But I won't take the call.

Refrain:

Who will you take home tonight?
Who do you love even when out of sight?
Who do you trust?
Who is calling you at midnight?
Is there something I should I know is everything alright?
Who is that guy?

Refrain:

Who will you take home tonight?
Who do you love even when out of sight?
Who do you trust?
Who is calling you at midnight?
Is there something I should I know is everything alright?
Who is that guy?
